

Chameleons Christianities

The world of 20-21 centuries is the virtual reality constructed for 500 years of domination on a world scene of ideology of Protestants and its most radical part: sectarians - puritans, Congregationalist or separatists. The world Plot which has been carried out by movement Reformation, will consist in change of the World History maintained, by the way, by Catholic church. These changes were noticed in Russia by representatives of New Chronology though they are guilty in desire somewhat quicker to convince all of the correctness, correcting proofs in the party without deep studying the facts. To solve this problem worthy financing a historical science, including payment of tool researches on dating artifacts will help. The true is covered with a gloom of the destroyed documents and a smoke of big fires of archives and the historical chronicles, which have been carried out during period Reformation.

The most probable is the sequence of the events stated in the theory of New Chronology. A world Christian civilization at all 2000, and about 1000-1200. Jesus Christ preached and has accepted sufferings and execution in the world center of that time Jerusalem or Istanbul of today. Temple Solomon is the Temple of Sofia. Roman historian Svetonius (25:4) writes Life Clavdius: « He (Clavdius) has expelled from Rome Judies which, incited by the Christ, constantly caused disorders ». Modern historians with affection write about Svetonius, as about the unfair writer who has understood the information completely incorrectly in the sense that "Christ" at that time was in Rome certain Judaist the propagandist. Nevertheless, Act Clavdius about exile Judaist also it is mentioned in Acts 18:2. Modern Rome in Italy has been created and constructed at 12-16 centuries and represents a historical fake. In chronicles the question is Constantinople, Istanbul. In modern Istanbul there is a place of a burial place of prophet Jesus and his several apostles on mountain Bejkos in the Asian part of city. Moslems till now come on this relic for treatment of any illnesses since they are sure in the help of this prophet though the burial place is not Muslim. In Sacred John Revelations there is a place where to be spoken: 11-8 « and corpses of them will leave in the street great city which the Row and Egypt where also our God crest » spiritually refers to. Probably it is Constantinople.

Russian Orthodox Church is absolutely sure that Russia was christened by Andrey Pervozvannyj, i.e. first apostle Jesus Christ, and officially he should die for 800-1000 years prior to this event. Besides the inventor of the doctrine of Absolute Predetermination Sacred Augustine has written the charter on which Monastic Award Augustans in 13 century though itself Augustine has ostensibly died 800 years prior to this event has been created. Monks are sure, that their Award is based Sacred Augustine. Besides Monastic Awards of Franciscans and Dominicans also are created at the same time and monks of these Awards accepted vows of poverty. Besides Augustine of Kent, Sacred, has brought Christianity on the south of England and has died in 604-605 year. Probably, the question is one historical person living at 12-13 centuries.

It is obvious, that Russian Orthodox Church is the keeper of the most ancient Christian traditions originating from times of Jesus Christ, which audits in more late created Catholic church have undergone. The Catholic church has been compelled for the proof of the importance to change Historical Chronicles, to begin construction of artificial Rome in Italy and the Daddy after his termination basically to move to again created city from Avignon. Initial Christian traditions practically completely were canceled of Reformation, formed Protestant movement in Europe and America.

Reformation takes the beginnings in 16 century and her apologetics are Martin Luther and Jean Calvin. On October 31, 1517 eve of Day of All Sacred is traditionally considered beginning Reformation, before the 500-anniversary of this date there are no

13 years. Both reformers have been declared by heretics and get out from Catholic Church. Martin Luther probably showed John Crest antipode, cross Anti Christ Jean Calvin. Under a banner of the doctrine of Calvin who has turned out inside out the doctrine of Absolute Predefinitions Sacred Augustine, have passed bourgeois revolutions of 16 centuries in Holland and 17 centuries in England.

«It is more convenient to pass to a camel through eagle ears, rather than rich enter Empire of Got» (Matthew 19:24; Mark 10:25; John 18:25). The banner of the doctrine of Calvin consist in overcoming this position of Christianity which was not entered at all in intentions of arising bourgeoisie. Calvin has thought up a master key with which help doors in paradise for all sinners and not Christ opened. Essence of a master key that all people from creation of the world and up to end centuries are determined Supreme either in righteous persons, or in sinners. The intention divine is incomprehensible, but there is help from antichrist Calvin. If the person has received riches and success in this life in future life he has automatically the indulgence on all sins and finds a place in paradise. Losers and pity people without discussion in a purgatory are enlisted in a hell since and in this life they were pettiness, and further the destiny of them is sad. For a substantiation of this swindle it was necessary to prove, that Jesus Christ has sacrificed itself not for rescue of all mankind, but only to his best part, the nation of supermen. Hitler with the theories of the middle of 20 centuries has simply a rest.

This idea Super Mans have picked up and puritans from respectable England have actively developed. The most reactionary part of them has named itself separatists or Congregationalist. The Puritan ideology has created concept of the Demeeded Nation, which steel to be covered acts of the imperial Great Britain. A conductor of this doctrine in a policy became Cromwell managed court and punishment with not by concordant Englishmen and Catholics. During struggle of the English Protestants against Catholic Church at 16-17 centuries have been killed about 600 Catholics. For example, the part of Catholics has been executed only for reception from the Daddy of the sanction to a marriage. 40 Catholics have been canonized by Catholic Church and are known as 40 Martyrs of England and Wales.

Ideas of puritans of England have developed and to embody there were actively during a life the Fathers - pilgrims who have got over on the American continent in 1620. This colony gradually replenished with again arrived puritans from England, and then from other parts of the Western Europe. Puritans of New England have replenished with Quakers at the end of 17 centuries. For preparation of the staff puritans have founded the higher schools in Harvard in 1639 and Jell in 1701.

The main achievement of puritans is the establishment at 16-17 centuries of the Secret Society, which has realized the World Plot. Plot has found an embodiment in the Theory of Conspiracy.

Puritans have formulated and began to embody during a life the doctrine of the American Dream. In conformity with it only the person elected by the God can become successful in this life. The success can come any ways - murder, violence, swindle, use of slaves, kidnapping, robberies of banks and trains, etc. All seven mortal sins are not terrible to the American Dream. Ethics « help to itself » and very individualism - components of success of puritans. Actually such behavior is justified by full freedom. Freedom from morals, moral principles and Christianity. This Puritan ideology became a basis of Anglo-Saxon liberalism and construction of the state USA. A stronghold of liberalism in the USA became the Republican Party. Irrationalism of liberalism Charles Marx declared has noticed still, that it will consist pretty often of superstitions and medieval mystifications. Radical Puritanism has defined foreign policy the USA. The new order forever. The basic tool of planting of the American way of life became dollar. The foreign policy differs the inconsistency in sequence any, at first sight, to applications and acts. All actions the USA are justified by that puritans have defined themselves as Righteous persons in this life. All

other world from a devil and Sinners. Any actions of America are justified by the superiority of people elected by the God, a narrow caste of sectarians - puritans. Democracy is a screen covering chaos medieval of supermen. As decisions of the world scale are accepted by not nationally chosen President, and Prince of Puritans.

Modern displays of Puritanism it Globalize, the univocal world, Cosmo politic, conducting cold war by means of the international terrorism against Russia and other too independent states, the announcement the enemy of a civilization of an Islam.

The more justifications and doctrines thought out and Protestants embodied during a life, the further they left Jesus Christ. And to leave from Jesus it is possible only in one party. We shall return to a history of Protestantism.

Essence of Protestantism in the doctrine about rescue by belief, instead of kind affairs. The word "Protestant" has appeared decision Shpeer's of parliament (1529). The protest consist « in the affairs concerning glory Divine and the rescue and an eternal life of our souls everyone should appear before of Got and to give it the report ». In Russian speaking, be rescued everyone as can. Protestants from seven sacred sacraments (a christening, confirmation, parteciple, a repentance, unctuous, dedication in a dignity and wedding) have recognized only two - a Christening and a Parteciple.

The christening was the accepted method of purchase of new Christians in east and the western churches, except for cases when in new belief adult people addressed. The New Testament a priori asserts, that gift of rescue belongs to children, and the conventional practice became a christening of babies. The grade of a christening has been broken by already Catholic Church, let alone Protestants. Protestants have guessed a christening at mature age (Baptist, Anti Baptist, sect of pupils of the Christ). Puritans in general have decided, that the christening is necessary for accepting only in old age. In particular supporters of it are members of the Brotherhood (Brethren). Congregationalism or Independent carry out a parteciple one or two once a month and now it is usual openly for « all believers » whereas there was usual practice a carrying out of the "closed" parteciples earlier. **As to a christening his presence is not required for membership in their church.**

Other direction of Puritanism became Non Conformism. Nonconformists denied value of the state, church and church priests. They are very similar to nihilists of 19 centuries. In general puritans never liked to pay any taxes. They counted the unique priest on Jesus Christ's ground and denied value of church in general, considering, that the commune or community of people can develop the rules of worship the God. 24.05.1689 the parliamentary Toleration Act, given a freedom of worship to nonconformists has been accepted. **The Act did not concern Catholics!** Till now Protestants of all colors take for a ride to all world the statements about necessity of toleration, overlooking to tell, that they have only themselves in a kind. In many constitutions of the various countries, including Russia, there are clauses and tolerations, providing lawful protection to Protestants, puritans and sectarians.

Most very puritans were named Quakers. The Quaker - a nickname of a member of a "Christian" society (« the Society of friends » or « Church of friends »). They deny church rituals and institute of priests. George Fox, the founder of Quakers in England, has fixed, that in 1650 «Judge Bennet from Derby for the first time has named us Quakers as we call them to shiver from a word Divine». Modern historians absolutely seriously notice, that Quakers cool guys, is simple as early religious enthusiasts, shivered at religious assemblies and showed physical displays of religious excitation. Achievement of the self-frenzy reminding attacks of insanity is an enthusiasm. They connect the ironical attitude to Quakers simply with lost understanding the English and American humor. So puritans have achieved formation of positive public opinion about themselves and now membership in communities of Quakers does not cause any confusion. What confusion can be at obvious and open sectarians - Satanists?

The following attribute of Protestants became concept the Recognition of Belief (Confession of Faith). This public application of the person, group, congregation, the Synod or Church. The Christian Church also did not think, that it is necessary to someone to prove the belief. The recognition of Belief was required only to Protestants of all faiths for the proof of the accessory to Christianity, it is obvious, what they have doubts in it?

The cross is the basic symbol of the Christian religion, personifying a cross on which Jesus Christ was death. The cross became familiar victories of the Christ over forces of evil and over the death. Protestants, puritans and Anglican Church since 16 centuries have refused to accept a cross as a symbol of Christian belief. Only in 20 century they have returned to use of the image of a cross on church buildings. Ceremonial value of a cross have kept only in a ceremony of a christening. As they are christened only in old age.

Top of movement of puritans and Protestants for last 500 years became the secret societies controlled Prince of Puritans. The lowest part became youthful or student's secret societies of the puritans, most known of them is «Skull and Bones» Jell University. Members of this society created in 1832 republicans grandfather Bush, father Bush will consist. Bush, the working President USA D. Bush and the Candidate on a post of the President the USA from democrats D. Kerry. The ceremony of dedication in numbers «Scull and Bones» has by the Skull only devilish character and additional comments does not require. About adult societies of puritans practically it is not known, but, obviously, America and all world by means of the USA the Supreme Prince of Puritans operates.

Reformation it has been named Protestants religious revolution which has taken place in 16 century. The concept "revolution" is connected to advance in a way of spiritual, social or economic development. If movement from Jesus Christ in the opposite party can be named revolution, all of us very counter-revolutionaries. Russia already was full with revolutions.

Satan in Judaism and Christianity prince of malicious spirits and the opponent of the God. A literal translation on Russian "contradicting". Functions of the Satan on the Earth consist in wanderings in searches of acts or the persons hostile of Got. He argues on disinterested human virtue and receives the sanction to test her under a management and the control of the God and over the limits legal by the God. In "New testament" the Satan is shown by Prince of the malicious spirits, the accepted shape of the Angel of Light. He is capable enter the person and to operate through him. The person can be named the Satan on the basis of his acts or sights. Puritans have created a virtual image of the Satan as an awful animal with horns, wings and other infernal attributes. For own calm liberal Protestant theologians have imposed a stereotype of stories about the Satan as a sample of "figurative thinking » which should be taken not literally, and miff. Essence of mythology about the Satan in a reality and distributions to the universe of the evil existing outside of the person, but deeply influencing him. In Russia other expression - « not is widely known so is terrible features as him paint ».

Satanism worship a devil, service to the Satan - persons or to a principle, absolute evil being an embodiment refers to.

Actually as display Satanism last 500 years development and propagation of the doctrine of the Calvinism serves on behalf of various sects, groups, congregations and churches of Protestants, puritans. A step on approach the Satan was creation of Secret Societies of puritans. The supreme display Satanism in the modern world is the embodiment of the Satan in the human person, and is more concrete in World Prince of Puritans. Thus he the usual person, the multimillionaire or the billionaire surrounded with works of art, expensive automobiles, yachts, beautiful women. Anything human is not alien to him. Thus, the bible red dragon is Prince of the Puritans, the first animal - ideology of puritans and a Calvinism, the second animal - his majesty dollar. **The Satanist and the Protestant of a word synonyms.**

Europe as a whole and Lutherans have remained in a twilight zone,

apparently, not having dared to come nearer finally to the Satan. For them it was made by Puritans. Catholics and Lutherans still have chance to return to Got Jesus Christ, having recognized the mistakes and having repented, having addressed to Christian traditions of our ancestors. Development of capitalism on the Earth for last 500 years have turned many people to the Satan and despite of seen displays of progress in scientific, technical and technological areas, have rejected the world in the spiritual plan far back, during the period up to Christianity.

Protestants and puritans have decided to adapt to Christianity as in the wild nature do chameleons - having accepted color of a subject on which sit. Otherwise they felt, that can be simply physically destroyed. Puritans in the theological way have entered concept of the Recognition of Belief, having accepted shape of Christians. The following step became refusal of symbolic of a cross as Jesus Christ has accepted tortures only for elected people, instead of for all mankind. Elite know who they. Then a recognition only two sacraments in Church - particeps and christenings. Then the christening is possible in mature, better old age. And it is better to not be christened and exempt at all the soul from obligations to Jesus Christ and God. All these roguish dodges are directed only on clearing of morals and moral norms of Christianity, Moslem and Judaism. The purpose - escalating of the capital, material assets, any material benefits only for personal enrichment. Essence of ethics - in its absence. The general world law protecting sectarians - puritans, from prosecutions is a de jure recognition of Toleration practically all countries of the Earth. But what toleration can concern to Satanists?

On this step can be solved, as the sectarians, only elected people, worthy managements of mankind, i.e. herd of rams, and not requiring in worship God, Jesus Christ consider. The God of puritans, Protestants, sectarians - a Satan. Modern Satanists essence respectable sirs and the ladies enjoying achievements of mankind and getting the blessings for received monetary indemnifications of refusal of Jesus Christ. Cynicism in the supreme display. On a direct question - who you? They will answer smoothly - we Christians, do not touch us, be afraid of the God, but of mind will think - poor idiots, do not concern us the guilty hands.

The present and the near future is described in "New testament", in Sacred John Santa's Revelation in chapters 12 - 22. Attempt to avoid destiny became **Dodge** of puritans of 20 centuries as V. Lenin's parcel in the wagon with gold for the organization of revolution in Russia. A choice of a symbol of revolution of the Red Banner too not probably. The USSR began face to Empire of Evil and the Red Dragon of the Apocalypse. The USSR distracted the world community of 75 years from puritans and the USA, only it has broken up at the end of 20 centuries. Now on a field of the Earth there were USA and the Great Britain, to be hidden any more for whom.

In Russia for last 15 years puritans have started up deep roots and have achieved significant successes on destruction of the Russian Statehood, economy and people. At presence of the Russian mentality and Orthodoxy Russian puritans are not lost up to the end in the spiritual plan. They are tormented all the same with flours of a remorse. A typical example - writing of verses on service « dark master » working member of the Kremlin Administration of V.Surkovym. The list of the most odious figures of Puritan guards in Russia: V.Voloshin, M.Kasyanov, V.Kirienko, B.Chubays, E.Gajdar, G.Javlinsky, B.Nemtsov, K.Borovoj. The list of "usual" billionaires - puritans to me is not known yet. Words and tears of a repentance before Russian people become clear the first President of Russia B.Yeltsin, told in a new year's eve of 2000. Someone, probably masons, have explained to B.Yeltsin, that he has started a virus of puritans on open spaces of Russia. Thank God, to authority in Russia there came security officers, hope, in the Higher school of KGB of the USSR was not youthful or cadet the Puritan organizations and sects. And ours to mountain - puritans still can repent. It is thought, people will understand their errors caused by greed.

I am, Kubarev Valery Viktorovich, the leader of the Party of Orthodox Democracy, Loyal and True, declare the Armageddon to all Satanists and Prince of Puritans. A place of a meeting are souls, minds and hearts of people of a planet the Earth. Virtual fight in ideology and a politics will be hard, but we shall do without blood, death and sufferings of war. The Armageddon began at night with 4 for May 5, 2004 during a lunar eclipse above Moscow, Russia.

We, Soldiers of Light, shall win.
